Specifications

Side Airflow Duct Kit for Cisco Nexus® 7009, 750mm Wide Enclosures

AR7725

Overview

Presentation The Side Airflow Duct Kit directs cool air from the front of the enclosure into the intake of side airflow networking switch - Cisco Nexus 7009. Air is directed by two, 3U ducts, mounted in the u-space of the enclosure directly above and below the equipment and a side baffle is used to maintain adequate separation of hot and cold aisles.

Lead time Usually in Stock

Main

Number of rack unit 6U

Provided equipment Foam gasket strips
Installation guide
Mounting hardware
Side airflow ducts
Side baffles

Physical

Colour Black

Height 26.5 cm

Width 58.1 cm

Depth 59.1 cm

Net weight 15.52 kg

Mounting location Front

Mounting preference No preference

Mounting mode Not rack-mountable

Rack width 19"

Packing Units

Unit Type of Package 1 PCE

Number of Units in Package 1 1

Package 1 Height 31 cm

Package 1 Width 63.5 cm

Package 1 Length 69 cm

Package 1 Weight 18.7 kg

Contractual warranty

Warranty (in months) 24

Environmental Data

Schneider Electric aims to achieve Net Zero status by 2050 through supply chain partnerships, lower impact materials, and circularity via our ongoing “Use Better, Use Longer, Use Again” campaign to extend product lifetimes and recyclability.
