

Stay connected everywhere

Dell Pro 4-in-1 USB-C Travel Hub

MODEL: DA225

Stay connected everywhere with a smart and portable 4-in-1 travel hub.

Productivity on the go

The travel hub features a slim, portable design that effortlessly slips into your bag or laptop sleeve. Stay at the top of your game wherever you go, without the extra weight.

Smart Power Management

The world's first travel hub with Smart Power Management, equipped with embedded smart technology that rebalances power based on real-time device consumption, ensuring efficient power use and preventing overconsumption.¹

Connect with confidence

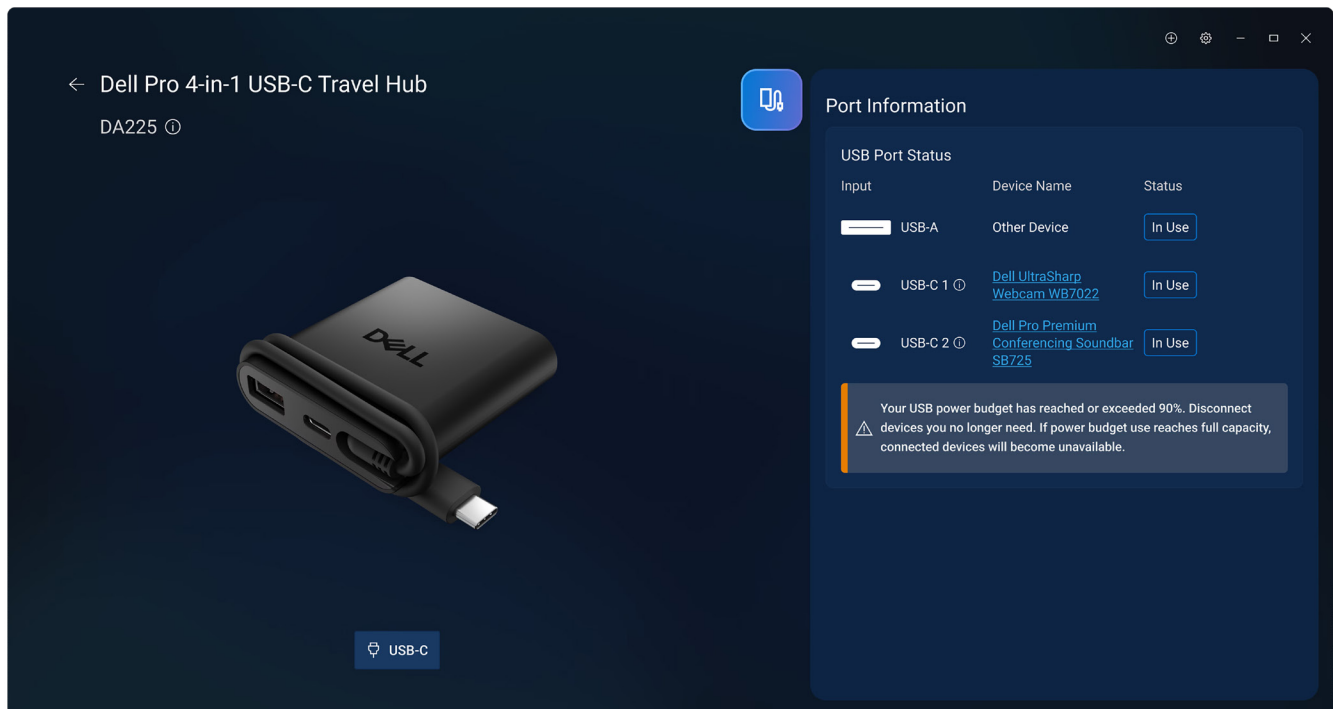

Plug in all of your essential devices no matter where you work with power from two USB-C ports and a USB-A port, and connect a monitor with an HDMI port.

¹ Based on internal analysis, July 2025.

Dell Display and Peripheral Manager

Stay informed, stay connected

Easily manage your connected devices with notifications and real-time updates on power usage and port status.

Auto-Detect Peripherals: Enjoy instant setup with plug-and-play convenience—no hassle, no delays.

Real-Time Status Updates: Stay informed about which devices are connected through your travel hub.

Overload Prevention: Get proactive alerts when your power budget is critical, so you can stay ahead of potential issues.

Overload Protection: Protect your devices with automatic port shutdowns and timely advice to disconnect when needed.
